

YOUR FUTURE IN DIGITAL 2011

Your Future in Digital 2011 will aim to give students hands on experience of working in the hottest growth sector of the 21st Century.

Topics include:

- / Digital design and marketing
- / Animation
- / E-commerce
- / Mobile technology and software
- / Social media
- / Web development
- / Online production
- / Games design and development

The digital industry is constantly growing and evolving so how do students:

- / Find out about job opportunities?
- / Make sure they have the right skills and knowledge to work in the industry in the future?

Students will meet and interact with Norfolk's most talented digital entrepreneurs and professionals to find out about the diverse types of roles available, the challenges and rewards and receive top tips for entering the industry.

They will be encouraged to share their ideas, experiment and fully immerse themselves in interactive activities. FE and HE career professionals will be on hand to guide students on further opportunities to study.

For further information and to book places please contact Lucy Marks at Norfolk Network.
